

Legacy Health Profile

Legacy Health is a locally owned, nonprofit health system driven by our mission to improve the health of those around us. We offer a unique blend of health services across the Portland/Vancouver metro area and mid-Willamette Valley — from wellness and urgent care to dedicated children’s services and advanced medical centers — to care for patients of all ages when and where they need us.

With an eye toward a healthier community, our partnerships tackle vital issues such as housing and mental health. Legacy strives to help everyone live healthier and better lives, with the vision of being essential to the health of the region.

Legacy Health

- Six hospitals; dedicated children’s care at Randall Children’s Hospital at Legacy Emanuel
- More than 70 primary care, specialty and urgent care clinics
- Nearly 3,000 doctors and providers
- Almost 14,000 employees
- Lab, research and hospice
- Partnership with PacificSource health plan

Legacy Emanuel Medical Center in North Portland plays a vital role as a local and regional leader in serious clinical illness or injury. With around-the-clock expertise for critical health issues, including experts in trauma, heart care, burns, significant wounds, stroke, brain surgery and more, Legacy Emanuel is central to the health of our community and critical to the care of the Northwest.

Randall Children’s Hospital at Legacy Emanuel is a regional center for the care of infants, children and teens. We offer unrivaled pediatric expertise in a state-of-the-art hospital designed exclusively for children. From routine care to the most complex cases, we offer the most

advanced medical and surgical care for kids, earning the trust of pediatricians and families.

Legacy Good Samaritan Medical Center in Northwest Portland is known for its specialty programs and clinical excellence. Legacy Good Samaritan features nationally renowned doctors in cancer care, kidney transplantations, neurology, ophthalmology, weight-loss surgery, robotic surgery, rehabilitation and more, plus Oregon’s only 24-hour urgent care that’s located alongside an emergency room, with access to emergency care if needed.

Legacy Meridian Park Medical Center is the South Metro area’s full-service medical center, with the friendly feel of a community hospital and the skill and services of a much larger medical center. Among our specialties: stroke, chest pain, minimally invasive and robotic surgery, cancer care and orthopedic and total joint surgery. Plus a birth center and breast health center.

Legacy Mount Hood Medical Center is East County’s full-service hospital, always expanding to meet the community’s growing needs and offering an award-winning patient experience delivered with a personal touch. We offer advanced imaging, a modern emergency department, a welcoming family birth center, surgical services, intensive care, cancer care, gastroenterology and more.

Legacy Salmon Creek Medical Center is Southwest Washington’s most modern hospital, offering the latest technology in a setting designed for comfort and care for the whole family. We feature innovations in joint replacement, robotic surgery, pelvic health for women, cancer care, intensive care for newborns, neurosurgery, medical care for children and more.

Legacy Silverton Medical Center serves the heart of the Willamette Valley with a wide mix of services, many not typically available in a community hospital: CT scan (computerized tomography), nuclear medicine, echocardiography, family birth center and much more.

(continued)

Legacy Medical Group is made up of more than 50 primary care clinics and specialty practices plus doctors who specifically care for hospitalized patients. We have more than 800 care providers in Legacy Medical Group. The result is that anywhere you get care in the Legacy system, you have access to a range of specialists.

Legacy Laboratory Services is an independent reference laboratory offering extensive medical testing services in the region and connectivity solutions for both laboratory information systems and electronic medical records.

Legacy Hospice provides physical, emotional, social and spiritual care for adults and children who are terminally ill, and for their families.

Legacy Research Institute, one of the nation's largest private, nonprofit research organizations, is committed to research that brings the latest treatment technologies to our patients and community.

Partnerships in transforming health:

Unity Center for Behavioral Health is a one-of-a-kind center for people facing a mental health crisis. Unity Center features a Psychiatric Emergency Service, where

patients receive care by specialists in behavioral health in a calming, non-hospital-like setting. Unity also has inpatient care for adults and teens. It is a collaboration between Adventist Health, Kaiser Permanente, Legacy Health and Oregon Health & Science University.

Legacy-GoHealth Urgent Care is a line of urgent care clinics with our partner GoHealth with 14 clinics across the metro area.

Legacy Health Partners is a network of more than 2,400 primary care and specialty providers who are associated with Legacy Health in Oregon and Southwest Washington. Legacy Health Partners supports health as a network that works together.

PacificSource Health Plans is a partner with Legacy working to achieve the triple aim of better care, better cost and better health. PacificSource is a Northwest-based, not-for-profit health insurer with a reputation for taking exceptional care of people in the community.

Our legacy is yours.
