

## BRAIN TUMOR EDUCATION & SUPPORT GROUP

The Brain Tumor Support Group offers emotional support and information for individuals, adult family members and caregivers who are coping with diagnosis, treatment and recovery from a primary brain tumor. Please contact the facilitators to get the virtual meeting link.

To minimize the spread of COVID-19, and protect the safety of our patients, staff and community, we will **not be meeting in-person**, until further notice. Instead, we are offering a **virtual video option**. We want you to know that we are here to support you through this challenging time *and* protect your health and safety.

Updated 7/27/2020
