Legacy Health Partners Clinical Collaboration Series

More Than a Number: Modern Lipid Management and Risk Assessment

Tuesday, November 17, 2026, 5:30–7:30 p.m.

Legacy Meridian Park Health Education Center and MS Teams

Catered dinner, hosted beverages, and socializing for in-person attendees.

Reserve your spot now. Scan the QR code below or click this **registration link.**

Join Legacy Health Partners (LHP) cardiologists for an update on the latest guidelines, risk assessment tools, and treatment approaches in cardiovascular prevention and dyslipidemia management.

Who should attend

- Adult primary care, women's health, and other interested physicians and APPs.

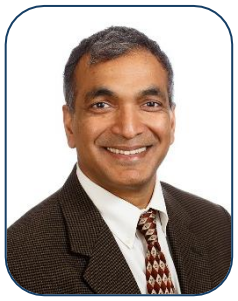

Learning objectives

- Apply the PREVENT™ calculator and understand its advantages over traditional ASCVD risk assessment.
- Implement current LDL-C treatment goals for primary and secondary prevention.
- Incorporate Lp(a) testing into cardiovascular risk assessment.
- Integrate risk-enhancing factors, including ApoB, hs-CRP, and cardiometabolic disease, into cardiovascular risk stratification.
- Utilize coronary artery calcium (CAC) scoring to refine risk assessment and shared decision-making.
- Select appropriate non-statin therapies for lipid management.

Presenters

Andrew Chiou, MD
Interventional Cardiologist
Legacy Medical Group–Cardiology

Sandeep Garg, MD, FACC
Cardiologist
The Oregon Clinic Cardiology

Schedule

- 5:30 – Dinner and networking
- 6:00 – Welcome and presentations *(virtual program begins)*
- 7:00 – Q&A and wrap up
